

VICE PRESIDENTS REPORT 2022

Another season done and dusted. What a brilliant 2022 season we have had. Firstly, we need to acknowledge the amazing people who volunteered their time in any capacity this year. From Bunnings BBQ's, umpiring, coaching, cheering on the side - we saw you, we heard you and we appreciate you!

Another huge thank you to our incredible sponsors this year.

- NT Sports and Playground Surfacing
- Choices Flooring
- PINT Club
- CFS
- Bendigo bank
- Intersport

We greatly appreciate their support for the last 2 years.

This season we entered 11 teams into the competition and saw our juniors step up and get to play and experience senior games. Our seniors were successful this year with Premier Reserves and Division 3 winning and our Premier League coming second. We were also very proud and excited to enter a men's team into the DNA competition. Lloyd Winfield started the idea and then the search began to find a team. The team consisted of 11 players who were incredibly passionate and enthusiastic towards training and the game. The men had a rocky start, however, with support from around the whole club, they found their mojo and got their first win. Congratulations to the Men's team who finished a strong fifth. We look forward to seeing you grow even more next year.

Our social calendar saw us start off at the PINT club to announce our teams and introduce our coaches. As the season went on, we kicked our shoes off and barefoot bowled with team members and sponsors. We got to see everyone's creative side and did a 'Paint and Create' and made some amazing art pieces. As the end of the season arrived, we let our hair down and got glammed up for our end of season presentation at Wharf One. It was a wonderful event with almost 100 people in attendance.

Our two main fundraising events were our Bunnings BBQ and 'Grease' the movie held at the Deck Chair Cinema. The Bunnings BBQ raised \$1741.70 and our Deck Chair Cinema raised \$2199. Much needed funds like these are incredibly important. It ensures the cost of running the club remains low and keeps the price of member fees down. Fundraising can also raise money to add new facilities to the club like our goal of a new shade structure over the courts. Fundraising events are also a great way to engage with the community other members of the club.

Congratulations to everyone on a successful season. Looking forward to our 2023 season.

Maddi Brown
